RE: NHDES Wetlands File # 2006-01095 Nute High School, School St. & Elm St., Milton
Tax Map/Lot # 42 / 17

Dear Sirs:

On March 8, 2006 the New Hampshire Department of Environmental Services, Wetlands Bureau ("DES") received an after-the-fact application for unauthorized work in wetlands jurisdiction for property located at Nute High School at School St. & Elm St., Milton ("the Property"). The purpose of this application was to bring the Property into compliance with RSA 482-A and Administrative Rules Env-Wt 100-800.

Review of the application found that the following violation had occurred:

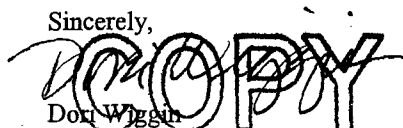

1. Unauthorized dredge of a total of 129 linear ft. of intermittent stream channels (approximately 404 sq. ft.) over three locations associated with expansion of the Nute High School, including impact #1 - 78 linear ft. rerouting a scoured drainage channel into a 15" x 84' pipe for parking; impact #2- 23 linear ft. to install a 12" 23' culvert for access; and impact #3- 28 linear ft. (28' x 5') to stabilize a swale with stone.

This Notice of Past Violation ("Notice") is to inform you that the violations referenced above have been documented and will be maintained on file at DES. The after-the-fact application was approved on August 2, 2006. No further action is required of you relative to these violations and DES will take no further enforcement action at this time. This Notice is being sent to help you avoid similar violations in the future so as to protect wetlands and surface waters from unregulated despoliation before violations occur.

In an effort to promote better understanding and compliance with wetlands laws and rules, DES is available to the public to address technical questions related to wetlands regulation. This service is available Monday through Friday, at the Pease District Office by calling either myself at (603) 559-0020, or Dave Price at (603) 559-1514. DES encourages you to make use of this service as well as our website (<http://www.des.nh.gov/wetlands.htm>) before undertaking future work on your property.

If you have any questions regarding this matter, please feel free to contact me .

Sincerely,

Dori Wiggan
East Region Supervisor
DES Wetlands Bureau
